

## YOUR MEMBERSHIP ...

- provides you with access to the services of the BioNanoNet GmbH
- gives you access to high-level competence and experience in the acquisition of projects, thus minimizing time and costs
- allows you to represent your interests during the development of national and international research strategies and research programmes (HORIZON 2020 ERA.NET)
- allows you to create and design research strategies and research programmes
- provides you with information about research programmes and promising project consortia
- can help you develop project ideas
- provides support in initiating grant applications
- allows you to join regular workshops to define your strategic goals and requirements
- puts you in contact with European leaders in the fields of nanotoxicology and nanosafety

- Your internationally recognized platform
- Your professional representative at national and international exhibitions and conferences
- Your partner for scientific expertise

We...

- develop potential solutions,
- provide you with a competent scientific project team, and
- professionally coordinate your project

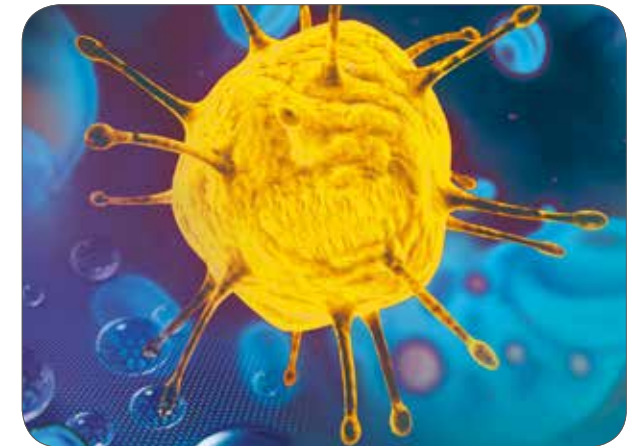

## REFERENCE ACTIVITIES

**Nanotoxicology**

**Sensortechnology**

**Health, Safety, Medicine**  
incl. nanomedicine and nanosafety

**Tiny particles, huge impact!**

**Benefit from your  
BioNanoNet membership!**

## YOUR MEMBERSHIP

You have the possibility to become a gold, silver, standard or also an extraordinary member!

## YOUR PROFILE INCLUDES

- Your scientific expertise in one of our scientific fields
- Your active participation in our network
- Your ideas and skills, which can be used to create synergies with multidisciplinary experts

**We would be pleased to welcome you as a new member!**

## BIONANONET ACTIVITIES FOR INSTITUTIONS WITH SCIENTIFIC EXPERTISE
